Dec. 7th – Prospectors Annual Christmas Party at Hallbrook Country Club – details to follow

QUOTE OF THE WEEK:-

"I'd rather be a could-be if I cannot be an are; because a could-be is a maybe who is reaching for a star. I'd rather be a has-been than a might have been, by far; for a might have been has never been but a has was once an are."

— *Milton Berle*

Answer to Last Week's Trivia Question:
The TV station that Mary Richards (Mary Tyler Moore) worked for was WJM-TV in Minneapolis.

What Do You Buy That You Hopefully Never Have To Think About?

It could be your car. Naa. Or maybe your refrigerator. What could go wrong! Or your washer / dryer (built to last). Nope, all wrong! It is your insurance against accidents, bad health, or natural disasters that get most people's attention. And who better to give you the straight talk about what and how much to cover than **Bryan Rapp of Bryan Rapp Agency.**

Bryan Rapp Insurance is a multi-lines company serving many clients in Metro KC. He got to this point of ownership by getting involved with automobiles very early in life, working in an auto shop. He realized at a very young age that eventually he wanted to own his own business.

Bryan says that his biggest reward is having the flexibility to do what he likes doing. He has his loyal team that has been with him for upwards of 7 years. It takes a great group of sales and administration people to keep the wheels turning on this ship.

Those that have their insurance with Bryan know that Am-Fam is one of the easiest to work with, and that they are one of the most fair when it comes to claims settlements.

As we said, having insur-

ance is in place in case the unexpected happens. That's why it is so important to have the proper coverage tailored to your situation.

So, a disaster happens! Tornado, fire, car through the wall, flood. Can you actually expect to remember all the priceless crap you had if you did not have pictures or a video of them? That's why Bryan suggested to have made a video tape of the entire interior of your home. Appliances, furniture, electronics, clothing, music, you name it. It needs to be recorded so they can give you the best estimate possible when an insurable event occurs.

Bryan has many kinds of insurance, from home, auto, and boat insurance to fire, and even business insurance.

So whether Bryan is your agent or not, he welcomes all questions you might have about your coverage, and will gladly review your policies to make sure you have the proper insurance for the value of your assets.

And Thank You Bryan for your prior service to the board, and for being there to contribute to the cause when needed.

Guests: None

RADON TESTERS.....

Ed Hutchison of Frechin Pest Control and Radon Services will have three Radon Testers that he will be bringing to the meeting this Thursday. He will be passing them out to whoever wants to use them to test for radon, but he is asking that when returned, you write a \$50 check payable to the Leukemia Society as a donation. Any questions, you can ask Ed on Thursday.

STICKY FINGERS PROJECT

A Benefit for the Head Start of Shawnee Mission, KS
Beverly Williamson has initiated a fundraiser for the Head Start organization to raise badly needed school supplies for this year. You can add a few dollars onto your invoice from DocInk, or just send a donation to the Sticky Fingers Project. Beverly will have all the info this Thursday. Or if you cannot make the meeting, call her to discuss how you can make a difference.
