**The southernmost state in the United States is ..... Hawaii.**

## **Starting in September, A New Location for Prospectors**

For those of you not in attendance these past few weeks, we are happy to announce that we have a new permanent location for our meetings at the Deer Creek Country Club, located at 7000 West 133rd St. in OPKS. Easy access, a friendly

and open environment, great food and beverage, and room for growth of the Club. Watch your newsletters starting in September for our new meeting location directions. And Thanks to the board for all their work in arriving at our new location.

## **Just How Healthy Am I?**

Isn't that what each of us wonder every day? Did I get a good night's sleep? Is my back bothering me? My joints ache, and I have this pain in my legs and feet. As we all get older, we have those body pains. What do YOU do to help relieve them?

You should be calling **Dr. Sean Felton of Felton Chiropractic**. Sean has been trained and educated in chiropractic treatments for years, and now has his own practice in OPKS. He is so well versed in knowing the body's nervous system, diet and nutrition, and how muscles and bone structure function.

He has lots of methods to correct many ailments, and programs to treat more complicated ones. He tailors a treatment that is individualized

and is very thorough in his evaluation of your problems.

He has experience in treating back, neck, leg, foot, ankle, shoulder, arm, wrist, or elbow pain.

He can address headaches, high BP, sleep and stress disorder, arthritis and other chronic injuries.

He is pro-active in overall health and wellness improvement for adults and kids alike! Sean will help you find your inner self and watch you transform to a more livable lifestyle again.

You need to go see Sean or have a one-on-one meeting to find how you can become more attuned to your body, your mind, and how it all functions together. Thanks Sean for making us become more health conscious.
