

A 40-Day Cruise without the Kids? Just the Two of Us? Ah Harold – This will be the Best Vacation Ever. Hope It Doesn't Rain...

Look out your window today, and it only takes a moment to recount the story in the first book of Genesis which speaks of Noah's Ark. There was so much violence and corruption taking place in the world back then, and God decided to cleanse the world of this with monumental floods. He commanded Noah to gather his family, and two animals of every species – male and female. He built his huge Ark and followed God's will.

So again back to today, watch your local news or grab your cell phone and look at the latest radar. Is Armageddon upon us?? Have you ever had water in your basement after a torrential rain storm? Toilets overflowed? Water pipes that froze or even worse – broke? These are just a few of the horrific events **Kevin Full of AdvantaClean** can assist with.

Kevin is no stranger to hard work in his life. Ever since a youngster, he has taken on some of the most challenging jobs. He started by running his own paper route and helped maintain a golf course. These are things he mentioned that truly shaped who he is today. After college, he spent 28 years in corporate America in the financial sector mostly working with banks and businesses. All along, he wanted to try and give back and included fundraising as part of what he loves to do. Growing up Kevin was very much into sports. He shared sports with his Dad and siblings (lots!). What he remembers to this day is how his parents, who were of modest means, did whatever they could to give their kids quality time and find a way to make vacations so memorable for all of them.

Kevin created those same memories for his three kids (all now grown) when they were younger. So Kevin got a lot of his spirit for success from his mother. He is a very competitive, driven person getting it from his 5 siblings in everything he does. He tends to analyze things thoroughly before undertaking them and wants the end results to be perfect! So many times he would hear his Mom say that she didn't know how to do things. There wasn't a You Tube back then to ask. But his Mom often said you do not have to know how

to do stuff. If you work hard enough at it, you can figure a solution out. She did this so many times.

So what is AdvantaClean? Kevin says they are a light environmental company focused on improving indoor air quality for homes and businesses. They specialize in emergency water service, mold removal, and air duct and dryer vent cleaning. They do specifically emergency water restorations, smoke and fire damage cleanup, mold remediation, air duct cleaning, radon, and odor mitigation.

AdvantaClean is part of a national franchise with over 200 locations nationwide. They've been around KC for over 7 years (started it in 2011) and covers all of Metro Kansas City. It was great to hear Kevin announce that since April 1st of this year, he is the sole owner of the local franchise. He said he could not have done it except for all the knowledge and expertise of our members who helped him work through this transition.

Kevin talked about the most basic of water tips to remember: know where your water shut off is; make sure you have sump and sewer backup insurance coverage, store your contents in the basement in plastic bins rather than cardboard boxes (protects from water), have burst proof hoses in case you forget to bring them in during the winter. Lastly he talked about some misconceptions about mold and water. Most of us in that position think we can get everything dry ourselves or bleach it and that will solve the problem. Or maybe I can just paint over it when it dries and I will seal it all in. This is just what NOT to do. Kevin says he is there to "make YOU look good"! With his experience, the right tools and processes, being a local owner, and being certified and insured, he says no customer can do it as well and effectively as he can!

I think we have all learned our lessons now and know how important it is to take care of our lives when disaster happens quickly. Thanks to Kevin for making all of us more prepared to take on whatever Mother Nature has to offer, and we are sure she has a few

QUOTES OF THE WEEK

Trivia Question:-

What name did Vincent Van Gogh sign to his paintings?

Heavy rains remind us of challenges in life. Never ask for a lighter rain. Just pray for a better umbrella.

That is attitude.

The only place in Europe where monkeys live free is Gibraltar.
