### ***Working Your Dream Is What Makes Life Worth Living, And Doing What You Love To Do Make It A Joy.***

Many of us (mostly males) have grown up admiring cars of all types. Vintage autos to the sleek, fast, hot rods, to today’s powerful and sporty models. But no one loved cars more than **Neil Spencer of Lighthouse Auto Sales.**

Neil literally liked cars from a VERY young age. He enjoyed car stories and he identified with them. His first car he owned was a Fiat Spider. He learned to fix it and keep it running out of necessity. Early on he grabbed the opportunity to go to GM’s Engineering School. Even though he did not complete this, he proceeded to get a Mechanical Engineering degree.

He became a broker with dealer privileges, and after gaining some experience, he later went out on his own and owned his own business.

What he has is not your traditional car dealership. He currently warehouses about 30 cars at any one time. And he usually can be found driving the car he is currently checking

our for a client. But Neil is a stickler when it comes to maintenance. His pre-owned cars are gone through by a mechanic, and he tells Neil what should be fixed and what could wait. Neil says no way, and makes sure each car is fixed completely before its sale.

Neil’s most important task is finding the right car for each client. And he is no or low pressure when it comes to closing, because he is not being forced to sell you THIS car. He has access to virtually any car you desire at a full range of pricing available, and also has financing available.

Neil truly loves what he does and it shows. So next time you are ready to purchase a new automobile, at least give Neil a call and maybe you will experience a whole new way of making that dreaded experience a most pleasant one. Glad to have Neil as one of our newest members of Prospectors.

### **FOOD / SERVICE ISSUES WITH WEST CHASE GRILLE**

We have been meeting at **West Chase Grille** for a year and a half, and have a great relationship with John Westerhaus and his staff. If you have ANY issues related to food quality, the facility, or service problems, please relay that information to Sandy Kessinger or one of the Board members, and we will make sure it gets addressed immediately, and that you will be responded to in a timely manner. We always strive to make your dining experience the best it can be.
