C minus LXXIX equals XXI (in Roman numbers, so C = 100, L = 50, and X = 10. So, 100 minus 79 equals 21 (XXI). Glad this was not rated XXX.

**Never Judge a Gift By It's Size,
or a Book By It's Cover**

Sometimes you just can't look at someone and pre-judge what may come from them in the way of ideas, knowledge, or personality. A person small in stature may be the dynamo waiting to be triggered. This is the case when you speak to or listen to **Arlene Ladegaard of Design Connection Inc.**

Arlene has been designing for over 35 years – doing something she loves makes a difference. She has lived all over the world, but returned to the US years ago. She started in her home selling pillows, and she then grew her interior design business into what it is today. A member of the AAID (American Association of Interior Designers) and IDA (Interior Design Association), these lend her credibility in a cluttered marketplace.

She intentionally has designed her offices to feel and look like a home so she could

show off her samples in a very real setting. She has an office manager, an architect, and a designer all on staff, that aids her in space planning and furniture design.

She needs to find out what her clients want and desire. That is why she asks you to come into her office for the initial consultation, starting in the sample room.

Arlene admits she is not a fit for everyone, but she educates her clients knowing what their budget is, thus designing something that will work nicely with their space.

The best reason to hire Arlene is that she stays within a budget, she creates great design and function, and she is there with you through the whole process.

We are so fortunate to have someone of Arlene's caliber in our Club when you need to create something unique and special in your home or office.
