

UPCOMING SPEAKERS SCHEDULE

Oct. 10 – Coach Jen of Jeniffer Shelton Balance will lead a seminar style event on our Health, Fitness and Well-being at Deer Creek Country Club.
Oct. 17 – Rod Foster of BancCard Credit Card Services will explain current trends happening in his industry and tell us what we need to know about our CC processing at the Deer Creek Country Club.
Oct. 24th – Count your blessings, or at least your dollars, and come hear Jim Bell of James D. Bell CPA

THIS WEEK’S TRIVIA QUESTION:
What TV character said “One of these days, Alice, pow, right in the kisser!” ?

UPCOMING DATES TO REMEMBER

OCTOBER IS BREAST CANCER AWARENESS MONTH – MAKE A DIFFERENCE.

THANKS FOR ANOTHER GREAT AFTER THE FACTS !!

At Coach’s South hosted by Rich & Bill Sirna of Sirna Bros. Hauling, Kevin Boehringer of BSE Structural, AND Sean Felton of Felton Chiropractic

Dec. 7th – Prospectors Annual Christmas

QUOTE OF THE WEEK:-

I have not failed. I’ve just found 10,000 ways that won’t work .

– Thomas Alva Edison

Answer to Last Week’s Trivia Question:
The humorous verse that starts out “There once was a man from Nantucket...”
is called a limerick.

Did You Know That Plants Make It Possible For You To Breathe?

Go ahead... take a breath. Then breathe out. Oxygen in, carbon dioxide out. That is the same with machines, cars, factories too. Good in, bad out. So what helps replace all that oxygen? Well, plants and trees of course. And thank goodness we have lots of them around.

But what do we need to be doing to make sure these trees are around for hundreds, if not thousands of years to come? Well, it could start with a clear understanding of what kinds of trees you have and what you need to do to keep them healthy. But, who do you call to give you those answers? You know who – **Phil Giordano of Grade A Tree Care**, that’s who.

Phil goes back many years where he learned his trade being trained by KCPL with a bit of experience thrown in.

Seems Phil was most grateful for being brought into the Prospectors family by Jeff Morgan two years ago. This opportunity has brought a dynamic change to his business philosophy. He found that his

best response has been getting referrals from our group. The more that use his services, the more references he receives. He says what a difference that makes to his bottom line.

Phil then showed us several examples of both live and dead branches, and told us how to know the difference if your tree was dying or still alive.

Phil recommends that you have your trees trimmed every 3 to 5 years so that you do not have branches breaking during strong storms. And he has a soft side that shows when he gives away cords of wood to families that can use it for fuel and heat in the winter. What a great way to give back to your community.

Thanks Phil for keeping us true to ourselves and for your contribution to the Board and the Club in general. You are what Prospectors is all about!
