Are Your Bugs / Vermin Nervous When They Hear Someone's Coming from Frechin Pest Control??

We have so many members of Prospectors with so many varied interests, but no one quite as diverse as our guest speaker last week.

This gentleman is a decorated Veteran of several wars, an astute pilot, a gourmet chef, and generally speaking, knows a lot about everything.

Ed Hutchison of Frechin Pest Control and Radon Detection has been hard at work since the early 1960's. In his formative years, Ed found a bride, created several offspring, and began his long career in the Air Force.

He has flown several sized aircraft, from T-37 or T-38 fighter to large C-141 aircraft cargo planes to Huey helicopters.

Ed is constantly wanting to learn more about life every day, and once out of the Air Force in 1976, he returned to Corpus Christie to finish his MBA and sold life insurance, until he decided to return to KC to restart his Uncle's law business, and joined the National guard. Here he flew Huey and Cobra helicopters making lots of cash and having lots of fun.

When starting the bug business, he supplemented his income still working for the KC Southern Railroad.

He has since purchased property in Ethyl, MO and built a beautiful home on one of the lakes where he and his wife retire on weekends.

Ed is best known for his honest, trustworthy work ethic, and in dealing with those pesky critters that crawl in the night.

And while he continues to set the stage with his pest control and prevention, he is entering a new era in business acumen by taking a leap of faith and starting a radon detection service.

SPOTLIGHT MEMBER OF THE WEEK

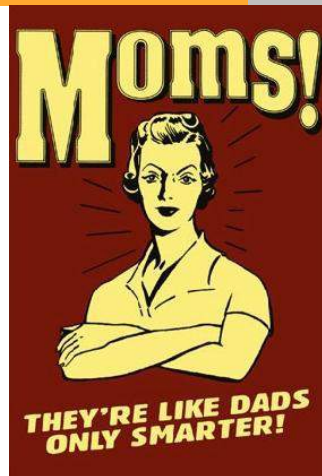

This week's Prospector Spotlight Member is Chase and Amy Ashurst of The Rye Studio. Keeping memories of special events or occasions, photos that record those special moments in life. You will cherish those forever! Let them tell you, or better – show you what a beautiful picture can say about you or someone you love, and maybe they will learn more about you as you talk. Please... just give Chase and Amy a call. How about an early cup of coffee or tea, or an after-hours beverage? Here's their info: - phone is 913-913-317-8682 and email is – amy@theyestudio.com or chase@theyestudio.com

THIS WEEK'S TRIVIA QUESTION -

What U.S. President was the target of two assassination attempts in 17 days ?

QUOTE OF THE WEEK

LAST WEEK'S TRIVIA QUESTION ?

In *Peter Pan* the crocodile swallowed the alarm clock.

Are Your Bugs / Vermin Nervous When They Hear Someone's Coming from Frechin Pest Control??

Cont'd from Page 1 –

Radon is an odorless – colorless gas. Many are not aware of the extreme dangers of this gas in your home. Radon is around us all the time. The only way to truly see if you have a leak in your home is with an approved passive radon kit.

Once the tests have been completed, they will send you a report and check back in so they could not be hassled.

The radon testing kits are available and are Free in the state of Missouri, and in Johnson and Leavenworth County, they are slightly higher at \$8 and \$5 respectively.

Thanks Ed for keeping us abreast of the latest happenings in this crazy world, and for keeping all of us on our toes, as you never know what surprises may be headed your way.

WHY NOT BE A PART OF THE BEST NETWORKING GROUP IN JOHNSON COUNTY – COME JOIN YOUR FELLOW PROSPECTORS THIS THURSDAY!

Prospectors Networking Breakfast Club

Meeting Date: May 1, 2014
