

***Use Your Smile To Change This World,
But Don't Let This World Change Your
Smile.....***

In today's medical world, you always hear lots of talk about a "family practice". Ever wonder where that terminology comes from? It has to do with one's upbringing; establishing one's family values from a very young age.

It is those intrinsic values that has driven the success of one of the Club's younger members into the career path he has chosen. **Tyler Webb, DDS**, of the practice bearing his name, is so fortunate to have developed those ties at a young age. (He has wanted to become a dentist from a very, very young age – his influence was **Bert Oettmeier, DDS**) He grew up in south Johnson County and his family had ties to Ballwin City, KS and Baker University.

You see, much of his family went to Baker U. This would become a tough choice for him later on in his life.

Two of his best childhood memories – he learned to play golf at an early age. His Grandfather taught him the game well. He also liked to play football, basketball, and baseball. Was good at them all.

His other memory is being taken fishing at Bennet Springs, MO.

Tyler also demonstrated a strong work ethic yearly on. In the 6th grade, he worked at a golf course (why not?), and in high school, it was a Waterway car wash. Then during college, he chose to work at the golf Pro Shop. He went to Kansas State in their Pre-Dental program (he took a year off during this time just to decompress and headed to Colorado to work in a ski shop).

He graduated dental school in 2011. The first two years were very intense, but he managed to graduate in the top 20% of his class.

It turns out that he likes what is called "Family Dentistry". Hmm... wonder why?

Use Your Smile To Change This World, But Don't Let This World Change Your Smile.....

Cont'd From Page 1...

And his residency was in General Practice, so it all just made sense. He has been married 5 years and is now a parent to boot.

He has wanted to be in business as a dentist since he can remember, and in July he took over Bert Oettmeier's practice, but still has Bert involved during the transition. What a wonderful opportunity to be mentored and given the skill set and experience that Bert has to offer.

Tyler says that he is now serving all of their current patients and also marketing to new, younger patients that will hopefully grow into life-long ones.

Their true passion is compassionate care for every patient. Tyler takes the time to diagnose any issues properly and teach the best of proper dental care for both young and old alike.

Besides regular checkups and cleanings, they do fillings, crowns, extractions, implants, and mouthpieces. They try and do as much in house as possible, but like many of us, there are experts that have the proper equipment to do what they need done at a better cost and more efficiently.

We are so proud to have Tyler carrying on Bert's practice and hope that he will remain a loyal Prospector for many years to come. Tyler, here's smiling at YOU!

Miss Jessica, guess what?

Santa came! Anthony said he wouldn't — but he did!

Thank you.

It was three weeks before Christmas when Sarah came to us. Eight months pregnant, she was working 30 hours a week at a local fast-food restaurant to support her family. Money was always tight, but with a baby on the way and no paid maternity leave, it was even more so now. Every extra penny she had was being saved so she could take care of her family once her newest child was born. She had tears in her eyes when she told us about trying to break it gently to her older children that Santa might not make it this year. Her youngest, Jonah, had looked at her and said "It's okay, Mommy. I already know. Anthony said that he probably wouldn't." His acceptance broke her heart, and ours.

She asked, "Can you help?"

And you did. Because of you, Santa found his way to Jonah's and Anthony's home as well as the home of 256 other children and seniors last year. **Thank you.**

Your generosity created magic: each child wondered how Santa knew what he or she wanted. Each senior wondered what he or she had done to deserve such kindness. Your caring did more than just brighten the holidays, it gave hope and brought joy to each of them. Thank you.

As this holiday season rapidly approaches, please help us make sure that Santa finds his way again.

How Adopt A Family and Adopt a Senior Work:

1. To adopt a family or senior for the holidays, complete our [online sponsor form](#).
2. After receiving your sponsor form, we will contact you with a personalized profile of a family or senior that has been nominated for adoption. The profile provides you with a short biography of family or senior you're adopting as well as general information (names, ages and gender of the children) and a wishlist.
3. After you receive your wish list, go shopping!* You can buy anything or everything on the list - it's up to you.
4. Finally, deliver your gifts to Phoenix Family at 3908 Washington, Kansas City, MO by December 21, 2015. And we'll make sure your family or senior has them by December 24.

*Shopping not your thing? No worries, our "ghost shoppers" will do it for you. Just [email us](#) for more information.
