

Channeling Our Visions of Success and Tranquility is Not an Easy Chore for Anyone, Let Alone a Born Motivator.

Before last week's meeting, we talked about being interesting, inspired, and insightful. But it is not about the "I's" or "Me's". It's about YOU! That's right, it is all about US!

How WE create the persona of who WE are. It takes years for most to even begin to figure it out, to even have a clue of not only who we are but where we're headed in life and what direction we should take. You need a road map to show us the way to personal and business successes. Or at the very least, a navigator that knows the routes to travel. Your navigator last week and possibly in the future was none other than ***Sheri Mortko of Live Like You Mean It.***

Yes, just like we each evolve, so has Sheri. She told us of her epiphany regarding being a Life Coach. As she has progressed in her professional career, she has come to realize she is not necessarily a "Coach" as much as being a motivator, a mentor of sorts. Sheri thinks that this better describes her newfound purpose.

Her story is as unique as most; living with challenges early in life that led her to grow up and become an independent woman at a very early age. Travels took her to France immersing her in French and European culture, leading to her teaching others about that language

and experience.

Today Sheri opened up a new book for us to discover together. One of inquiry and introspection. A look into what each of us have, but may not know how to utilize.

We speak of how she can help each of us come more into sync with ourselves. Much like a metronome. If you have 30 of these all beating to a different beat, eventually if given enough time, they all come into sync. That's how you can draft each of your own successes. We all need to be coherent and in sync – heading in the same direction. We need to be like a laser light – one single focused beam, rather than an incoherent LED light that scatters itself everywhere. She helps get you coherent with energy and focus, not being scattered.

So what is one thing that you would like that would catapult you to the next level? What do you need to learn that gets you where you need to go?

QUOTE OF THE WEEK

There Will Always Be A Reason Why You Meet People. Either You Need Them To Change Your Life Or You Are The One That Will Change Theirs ..

Translated literally, the 'tenth' month of the year is 'December' (Deci = 10).

Con't. From Page 1.....

Channeling Our Visions of Success and Tranquility is Not an Easy Chore for Anyone, Let Alone a Born Motivator.

Part of what Sheri can do is find who you need, to teach you WHAT you need to learn. But you need to know who you are and just how you roll. No one knows this better than YOU.

You need to know that your work is in tune with the rest of your life, just like the piano. YOU are like a piano. Sheri

has the resources and experience to get you back in tune (in sync). That's how she works. Some of this comes from her prior teaching experience, and some of it is a gift that is unlearned, but just as powerful.

And once you get your focus on your own goals and aspirations, it is easy to get your team to follow your lead. It is Sheri's strength to read the way that "you roll" and hand back strategies for you to execute.

We heard so many kind words to help validate what she expounded on. She was touted as the "best listener" and **(cont'd on Page 4.....)**

Con't from Page 3.....

“awesome”. Others supported her strengths of listening to a particular decision being made, and know that they “do not have to make that decision alone anymore.”

She practices and preaches the ideal of taking care of your inner you, how each of us processes our lives. She finds it so important to recharge your batteries when their energy gets too low. We need to be aware of that moment in our busy schedules and just do it.

Even as young as some of us are, our days are numbered so take the time to chill, relax, and recharge. Go to a place you love to be, or find a location you have dreamed of seeing,

but have never been there. You will thank yourself a thousand times over for doing this.

After listening to all these amazing ideals of life, of business, and of personal reflection, it may just behoove you to take the time to speak with Sheri and see how her third eye could help make such a huge difference in the ways you and we interact with each other, our families, our friends and others in and out of business circles.

As always, thanks Sheri for channeling our visions of success and tranquility to another level we will not soon forget.
