

PROSPECTORS BREAKFAST CLUB

Having A Contagious Smile Helps Make Everyone's Day Brighter and Better.

What was the last Prospectors even you attended? Was it the Christmas party? Progressive dinner? A T-Bones ballgame? I Fly? The Gangster or Tom's Town Tour? No matter which event it was, you always had a great time. Know why? Because there was contagious laughter that couldn't help but make you smile. One person brings that fun energy wherever he goes.

Yes, it is definitely contagious – when you hear that distinctive chuckle of **Rod Foster of BancCard** – he has one like no other.

Rod has a great time no matter where he is. Always has been that way. We've never (I think) seen him mad or upset. Always bringing a smile to YOUR face. That's just the way his attitude about life rocks.

And his 3 kids and wife feel so fortunate to have a husband and father that keeps them in a positive frame of mind. He has taught and mentored his kids, even coached sports for their teams over the years. And loved every bit of it. Having the chance to mold them into young, understanding adults has been a goal for him.

Rod has worked hard all his life. Never had a silver spoon handed to him; he's worked for everything he's got. He started working with problem kids and the issues you have to deal with. After several years there, he switched and went into the printing of personal and business checks at a company named McBee. He stayed there for several years, paying his dues, growing his region and the company, and learning more about the sales and production side.

But a close personal friend contacted Rod about coming to work for this company called **BancCard**. They are a regional company specializing in merchant credit card processing. That was 11 years ago, the same time he joined Prospectors Club.

BancCard is one of the country's premier credit card processors. Rod started the Kansas City division from ground zero, and built it to what it is today all on his own. He has grown every year and still is one of the company's Top Producers !!

And besides just processing your credit cards, Rod can also work with companies using virtual terminals and setting up gateways along with having the capability of working with those that need to integrate QuickBooks into their accounting systems. And he has access to all of the latest technologies available to process – using the latest Chip Card readers, both EMV and NFC (Near Field Communications like Apple Pay). And he works with a lot of service providers that need access to now be able to take credit card payments in the field. Yes he can do that too.

Rod says that about 1/3 of his business is with retail establishments, but his preferred referrals are medical doctors, dentists, veterinarians, auto repair shops, landscape businesses and churches.

And the one resounding fact that makes Rod so successful is his personal service – if you have any question or problem, he is there to assist. He is indeed a premier personal service provider.

Thank you Rod for bringing us up to date with CC processing and for making the Club a better and stronger place, and making each of us SMILE from ear to ear when you're around. You are what Prospectors is all about.
