

Tired of YOUR Clients Talking Back and Complaining? Wouldn't It Be Nice to Have Them Love You for Who You Are?

How would you like a client that does not bad mouth you or talk back to you? All they do is give you their undying trust and loving kindness each and every minute. A dream come true? Maybe not if you are surrounded by dogs, cats, birds, other critters to numerous to mention.

What would you do when you got to YOUR work, and everyone can't wait to see you and give you a big kiss on the cheek? It would be great!!! That is what happens each morning at the **Plaza Animal Clinic owned by Bradlee Twigg**.

But getting to where you are happy and at peace sometimes takes you down paths you have no idea why you were sent there. Oh yes – to learn valuable lessons of who not to be like or how not to treat your clients. Brad tells of being so relieved that he put a bad situation behind him with eyes set on much bigger and better visions ahead. And he couldn't have done it without so much support from fellow Prospectors along the way.

As he broke off with his past, not knowing what would lead him to his next adventure, a blessing dropped in his lap, the opportunity he heard of when this clinic on the Country Club Plaza came up for sale. Having the stars align his way reenergized and excited Brad so much, he couldn't wait to start his new venture. He has done a lot in a very short time – changed the look, updated the facilities and equipment that was desperately needed, a new sign, logo, and window treatments. More light on the building at night, making the Clinic feel so homely and comfortable when his patients and their owners need his services.

Plaza Animal Clinic is a full line facility serving the local pet population in the central city area, but expands into Mission Hills, South KC, and JoCo for those that drive to see Bradlee.

They do routine exams, vaccinations, and treat you pet if they had an accident or is injured. They specialize in taking care of any

animal emergency that arises, and that happens more than you think.

For more complex issues – broken bones, digestive issues, or cancers, then surgeries are in order, and Brad is skilled there having performed hundreds of different procedures. They deal with everything from cosmetic repairs, broken legs, to swallowing objects like stuffed animals. No situation is too small.

With help from his new staff and his mentors, he has reorganized the way business was done at the Clinic. And the internet has changed how he dispenses his treatments to his pet friends. Brad warned us to be cautious in buying pet pharmacy products online, as only about 12% of them follow federal and state guidelines.

If you have a pet, or know someone that does, please keep Bradlee Twigg and his fantastic crew in mind for special care and concern when it comes to your pet's health. Thank you Brad for all you do to make our world so much better.
